Sub: Education - Fisheries Schools at Navunda in South Kanara District - opening of standard VII in 52-53 - proposals - submission of.

In G.O.No.1842 Development dated 20-4-51 Government have sanctioned the opening of standard VI in the Fisheries School Navunda, South Kanara District. Accordingly standard VI was opened in June.51. The Standard VII has therefore to be opened in June 1952 in that school.

The present strength of the school and the expected strength in June 1952 are given below:-

Standard	present strength	Expected strength in June 1952.
I	40	55
II	38	37
III	36	27
IV	27	23
V	23	26
VI	43	35
VII	-	34
	207	237

The strength of standard VI is good and there is sufficient justification for raising the school into a complete Higher Elementary School.

There are now one secondary grade and 5 higher elementary grade teachers working in the school. They are now in charge of 6 classes. The additional staff required for opening standard VII is only one Secondary grade teacher in the scale of 45-90. The financial implication is furnished below:-

Non-Recurring:
Contingencies: Furniture, Books and appliances .. Rs.1200/-

Recurring:
Paty of Establishment: 1 Secondary grade teacher on Rs.45-90 for 1 year Rs. 540
Dearness allowance of above teacher Rs. 264

Total Recurring and non recurring Rs.2004/- or Rs.2000/-.

I therefore request that sanction may kindly be accorded for opening standard VII in the Navunda Fisheries School during 52-53, to appoint a Secondary grade teacher on Rs.45-90 and to incur an expenditure of Rs.2000/- as shown above for the purpose. The proposal may be treated as Part II scheme for 52-53.

(N) Three Higher Elementary Grade teachers were sanctioned in G.O. under reference. Two were for the bifurcation of standards I and II. Since the need for bifurcating these classes was not felt subsequent to the issue of G.O. the appointments of two Higher Elementary Grade teachers has not been made so far. Only one among the three was posted. Standards I and II can be managed for the present with a teacher each. With the opening of standard VII, the necessity for having these two teachers will arise. Therefore sanction for the renewal of these two posts (Higher Elementary Grade) from (1-6-51) may also be accorded.

Explanatory Note

In April 1951, the Govt. sanctioned the opening of Standard VI in the Fisheries Elementary School, Navunda during June 1951. The D.F. has stated that standard VI was opened accordingly in June 1951 and that standard VII has to be opened in June 1952 in the school. The present strength of standard VI is 45, and the D.F. anticipates a strength of about 34 pupi in standard VII, if it is opened in the school during June 195 He has stated that the strength of standard VI is good and tha there is sufficient justification for raising the school into a complete Higher Ele.school. Additional staff required for opening standard VII is only one Sec.grade teacher on Rs.45-90 p.m. A non-recurring expenditure of Rs 1,200 is also required towards the purchase of furniture, books and appliances. This Department supports the proposal of the D.F. and recommends

that necessary provision may be made in the B.E. for 1952-53 as shown in the summary above.

To A.S.

Please see the letter from the D.F. on pp.1-2 c.f.

In April 1951, the Govt. approved the proposal of the D.F for the opening of standard VI in the Fisheries Elementary School, Navunda during June 1951. The Director has now submitted proposals for the opening of standard VII during 1952-53. His proposals are examined below:-

There are at present six classes upto VI Standard in the School at Navunda with a total strength of 207 pupils. One Secondary grade teacher and five H.E. grade teachers are working in the school and they are in charge of the six classes. The present strength of Standard VI is 43 and the D.F. anticipates a strength of about 34 pupils in Standard VII, if that class is opened in the school during June 1952. The D.F. has stated that the strength of Standard VI is good and that there is sufficient justification for raising the school into a complete Higher Ele. School. The Director has stated that the additional staff required for opening Standard VII is only one Secondary grade teacher on Rs.45-90 p.m. The financial implication of the proposal is Rs.804/- recurring and Rs.1,200/- non-recurring towards the purchase of furniture, books and appliances. The Director has therefore requested that his proposal to open standard VII in the Fisheries school, Navunda during 1952-53 and to appoint one Secondary grade teacher on Rs.45-90 p.m. may be accepted and treated as Part II Scheme for 1952-53. (A non-recurring expenditure of Rs.1200/- also will be sanctioned.) In the circumstances it is for orders whether the proposal of the D.F. at 'A' above will be accepted in this Department.

While sanctioning the opening of Standard VI in the School during 1951, the Govt. also sanctioned the bifurcation of standards I and II and the appointment of two Higher Elementary grade teachers in that connection. The Director of Fisheries has now stated that since the need for bifurcating these cl[illegible]

was not subsequently felt the appointment of two Higher Elementary grade teachers was not made and that with the opening Standard VII in the School during June 1952 the necessity for appointing to these teachers will arise. He has therefore requested that sanction in respect of these two posts may be renewed. The proposal of the D.F. above may be accepted. ~~For orders.~~ This need not be treated as Part II Scheme, but orders may issue along with the orders in regard to the first proposal at 'A' appearing above.
